Dear Steven,

I just had to write to thank you again for your amazing presentation last Saturday night. It was an honor to welcome you and Risa to our congregation. I was really touched by the size of the crowd that joined us for this important occasion. Thank you for sharing your incredible film. As I expressed to the crowd, for me your family's story was very moving. I know that many of our members felt the same after seeing the film. In gratitude for your generosity of spirit, we are making a contribution to the Brookdale, Holocaust, Genocide and Human Rights Center in your honor.

Thanks again for your willingness to share your artistry.

Warmly,

Rabbi Michelle Pearlman
